FUJIIRYOKI

MADE IN JAPAN

An epitome of purity and health- The Electrolytic Hydrogen Plus! Alkaline Water Ionizer from Japan. The most advanced drinking water solution. it first removes 20 types of impurities to make the purest form of drinking water. as per JIS Japan Standards. then it goes through electrolysis to separate its acidic and alkaline components. to produce Hydrogen water and Alkaline Ionized Water. with increased pH, more Hydrogen, and higher Anti-oxidants in the water!

POWERFUL

Optimized Ionization Performance With Precise pH & Wide ORP Range

FUNCTIONAL

11 Types Of Functional Water Fulfilling Everyday Lifestyle Needs

3 ADVANCED CONFIGURATION

SMART

Smart Intelligence Processor To Enhance User Experience

RELIABILITY IN THE SCIENCE & TECHNOLOGY

TRANSFORMING TAP WATER INTO 11 TYPES OF FUNCTIONAL WATER IN 3 STEPS

STEP 1

SMART FILTRATION SYSTEM

Filtering through the high performance smart filtration system to remove particulates, chlorine, odour and organic matters while keeping essential minerals intact.

STEP 2

ELECTROLYSIS WITH 10 PLATINISED TITANIUM ELECTRODE PLATES

Undergoing an electrolysis process with the 10 platinised titanium electrode plates, an electric current is passed through the water to separate it into alkaline & acidic water.

STEP 3

11 TYPE OF FUNCTIONAL WATER

Choose from the 11 types of functional water to satisfy your everyday sanitizing, beauty, drinking, cooking, washing and cleaning needs and embark on a wholesome experience!

How much do you "REALLY KNOW" about the water you consume?

Water is more than just a daily necessity– it's the foundation of your health. Whether it's for drinking, cooking, or cleansing, every drop impacts your body. But is the water you rely on as pure and safe as it should be?

Pure Water is the World's First and Foremost Health Resource

The normal drinking water available consists of numerous harmful chemical substances, pesticides and elements which have unseen and adverse effects on everyday health.

Brain functioning, Immunity, Digestion, Hydration and various other functions of human body are dependent on the purity & minerals of water.

An average human consumes **3-4 litres of** drinking water every day

The Need of New!

Today we have a lot of water purification options available, but none of them actually fulfil all our water related needs. Some stand for purity while some for technology. What we need is a premium home based health appliance that we can trust…
Not just for clean water, but for lifelong wellness.!

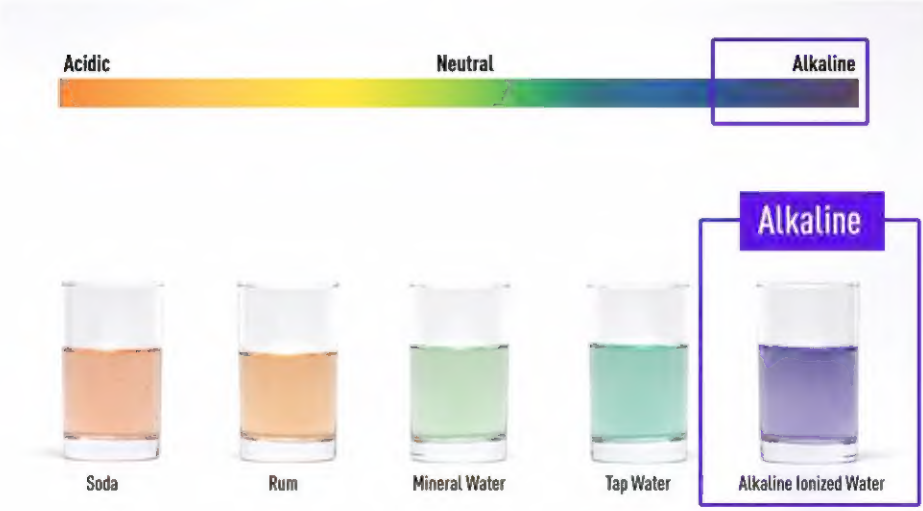
Alkaline Ionized Water Health Benefits – Enhanced Hydration Through Micro-clustered Water

The ionization process conducted by the Alkaline Water Ionizer breaks the electrical bonding of water molecules; reducing the size of the molecules to 5-6 molecules per cluster. The micro-clustered water is absorbed easily into the cells, providing enhanced and faster hydration than conventional water.

Re-imagine Purity with Alkaline Ionized Water

Alkaline refers to the pH value and minerals in the water. pH helps us in defining how acidic or alkaline the water is from a scale of 0 to 14.

The lower value of pH, the more acidic the water is and the higher value of pH, the more alkaline it is. Higher Alkaline properties of water helps in neutralizing the acidic elements in body and fosters enhanced health.



Highly Antioxidant Water that Acts against Ageing

The negative ORP (oxidation reduction potential) value of the Hydrogen Plus alkaline Ionized water helps in neutralizing and flushing out free radicals from the body, preventing their harmful effects on the skin. Hydrogen Plus Alkaline Ionized water is highly antioxidant with Dissolved Hydrogen and Negative ORP value upto -650 mv. This property caters to numerous body and skin benefits.

Health Benefits

- Improved Brain Functioning
- Faster Healing Abilities
- Super Hydrating
- Slows Down Ageing
- Reduces Body Weight
- Enhances Skin Glow
- Boosts Immunity and Energy
- Prevents Hair Loss
- Manages Blood-Sugar Levels
- Increases Bone Strength
- Improves Digestion
- Enhances Metabolism
- Cleanses Colon Movements
- Combats Stomach Ailments
- Smoothens Gastrointestinal Functions

FUJIIRYŌKI

PRESENTING

THE **MOST PREMIUM** AND **MOST ADVANCED**
WATER PURIFICATION SOLUTION

HWP- 77

MADE IN JAPAN

It's more than a water purifier.
It's a wellness appliance for your family.

The Electrolytic Hydrogen Water Generator (Alkaline Water Ionizer) from Fujiiryoki, Japan. it's an advanced Medical grade drinking water solution. It purify the water as per JIS JAPAN standards by removing 20 types of impurities. This goes beyond purifying. it makes the most suitable drinking water by electrolysis & Ionization process. This turns normal water into alkaline ionized water. by increasing pH and dissolved Hydrogen up to 1300 ppb and making it antioxidant. In simple terms, it turns the water into safe, hydrogen-rich, anti-oxidant water. This water is much healthier and safer than normal filtered water.

For more than 65 years, FUJIIRYOKI, by Fuji Medical Instruments Mfg. Co., Ltd. Japan has been the front-runner in this technology. Fujiiryoki offers wholesome lifestyle products by delivering consistent innovation to families across boundaries.

The Legacy

Established in the year 1954, Fujiiryoki pioneered the production of home based lifestyle appliances, starting from its very first innovation-
The Massage Chairs and established as World's No#1 Brand for Medical Massage Chair From Japan.

An extensive and expanding global network
5,00,000 units sold worldwide since 1989.

Achievements

Fujiiryoki has been recently honored with Japan's most prestigious **"Japan Mechanical Engineering Heritage Award"** a testament to its decades of innovation, engineering excellence, and contribution to the advancement of health and lifestyle technology.

PMDA
Certified Medical-Grade Safety

Approval Number
231AKBZX00005000

Embrace a future full of wellness with

Fujiiryoki's Hydrogen Plus Alkaline Water Ionizer.

The Alkaline Water ionizer by Fujiiryoki is a premium and advanced JIS approved home medical device that ensures wholesome living through distinct multipurpose water.

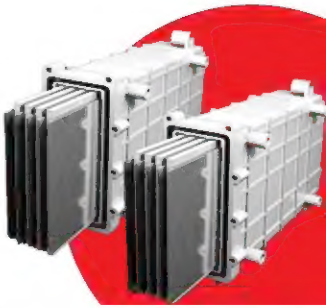
10 types of selectable waters now available at fingertips:

- **pH 10.5** Strong Alkaline Water
- **pH 9.5** Alkaline H+ Water 3
- **pH 9.5** Alkaline Water 3
- **pH 9** Alkaline H+ Water 2
- **pH 9** Alkaline Water 2
- **pH 8.5** Alkaline H+ Water 1
- **pH 8.5** Alkaline Water 1
- **Highly** Purified Water
- **pH 5.5** Acidic Water
- **pH 2.5** Sanitized Water

Incredible applications and countless benefits

Hydrogen Plus Alkaline Ionized Water For daily drinking, cooking purposes	**Acidic Water** For beauty and skincare purposes
Purified Water For taking medicines and baby food preparations.	**Sanitised water** For cleansing tableware and maintaining a hygienic environment.

Dual Electrolyser with Smart 4.0 Electrode plates



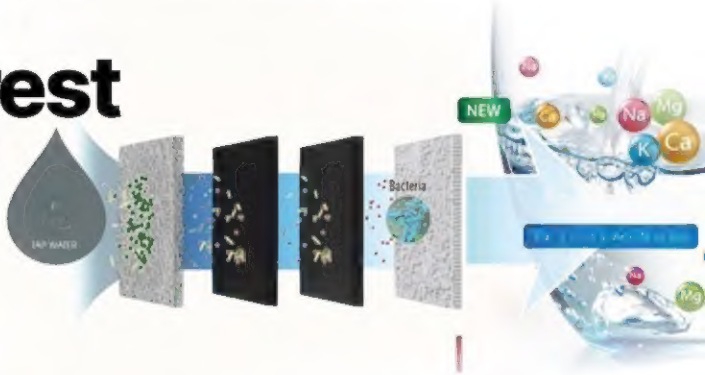
Japanese Patent No. 4914338

Why should you opt for only alkaline or only hydrogen water?
When you can get both with Fujiiryoki HWP-77/HWP-55 with a Unique H2 Function backed by extremely powerful electrolyzers. It provides you with both hydrogen water and alkaline water.

Its dual electrolyzer, Smart 4.0 Electrode Plate, is the proudest achievement of Fujiiryoki as it is the world's latest invention of electrode technology registered exclusively in Japan with Japanese Patent No. 4914338.
It is patented for three unique things:

1. Constant pH regardless of water flow. | 2. World's best water-saving ratio of 19:1.
3. Industry best SAFE dissolved hydrogen upto 1300 ppb without adding Electrolytic enhancer chemical.

The Purest Form of Water



JIS and JWPA Standards

Now you can get peace of mind regarding the quality of your drinking water as Fujiiryoki's high-performance smart filtration system removes 20 types of impurities from water, according to JIS and JWPA standards, which ensures that you'll get the purest and healthiest form of water.

Auto Cleaning

Sensor Unit

Ensures Higher Hygiene Standards in Ionizer

To reduce the hustle of manual product cleaning, our alkaline water ionizers come with auto-cleaning features that ensure automatic intelligent cleaning after the generation of 10 litres of water or after 30 minutes of cumulative use, whichever is earlier. This feature makes the electrode plate last longer and ensures higher hygiene standards in your Ionizer.

Japanese Standard Service

Ensured 100% Customer Satisfaction &
Experience true Professional Service

Japanese Standard Service -

You will enjoy Japanese standard service after buying Fujiiryoki Ionizers. As Fujiiryoki provides machine maintenance and customer care for the entire life of the machine according to the genuine service process of Fuji Japan, with the highest level of professionalism and dedication at any time possible, you are ensured 100%

Safe and Controlled Environment

Auto pH control & Constant pH

Fujiiryoki Ionizer is powered by the latest SH 2.0 Chipset, upgraded in 2021. SH 2.0 is specially designed for these unique features of auto pH control and constant pH. It ensures that the pH level of your drinking water never goes beyond drinkable limits and always remains stable within the safe limits.

Smart 4.0 Dual Electrolyser

Japanese patent No.: 4914338

To reduce the hustle of manual product cleaning, our alkaline water ionizers come with auto-cleaning features that ensure automatic intelligent cleaning after the generation of 10 litres of water or after 30 minutes of cumulative use, whichever is earlier. This feature makes the electrode plate last longer and ensures higher hygiene standards in your Ionizer.

FUJIIRYOKI

KEY FEATURES:

- Advanced 19 set of Platinum-Coated Electrodes
- Hydrogen Plus Technology
- JIS Standard Filtration removes 20 Impurities.
- 11 Water Types Selection
- Auto Cleaning Function
- Certified Medical Device for home use.
- 8000 ltrs of Filter Life.
- Designed & Manufactured in Japan.
- Elegant, compact design that complements modern kitchens.
- Generates 10 Types of water.
- Dissolved Hydrogen 1300 ppb.
- Negative-ORP: -750 mv
